STATEMENT OF INTEREST

I am submitting for your consideration my reelection to the Board of Directors. In my time as Western BCA Secretary I have consistently acted as a reliable and capable member, performing my duties in a timely and organized manner. I have established myself as an approachable and professional resource that our members know they can trust. As an acting board member, I have fought to represent the members of our organization in a way that is fair, and has the best interest of our players at heart. I am seeking to continue as a Member of Board of Directors so I may continue to do so.

Goals

My personal goals moving forward with the Board would be to create a more transparent entity, as the Board answers to our Membership. For example, I would like to add to our board reports a voting record for all decisions made by the Board. We need to continue to work on our communication and cooperation as a “leadership team”. You all witnessed the disarray and contention at our last few meetings. We need to work better together and avoid these situations. We all need to be respectful to each other and communication is a key aspect in that endeavor. Communication and accountability are two aspects I feel we all need to add to our goals for the future.

I have been a WBCA player since the beginning, back when we played the tourney in the Longview/Kelso Fairgrounds. I became Secretary of WBCA in 2009 and a Board member for four years. I have been a Division Manager for NPL since 2009. This last year and a half, my 3 divisions in Vancouver/Washougal have grown from 81 players in 2022, 153 players in 2023 and 146 in our first session of 2024. I have been a Board member for four years. I am invested in WBCA and I call many of our players “friend”. Like many of us, I consider the Lincoln City Tournament to be a huge reunion. I would like to continue to work toward keeping our Regional Tournament and our league one of the best in the country! When faced with complex challenges and sometimes, internal conflict, I have and will continue to maintain respect and professionalism in my conduct.

I will continue to fight for the players, to listen to the players and be a voice for the players.

I appreciate your consideration.

EXPERIENCE
