Western BCA's unity is essential, and I believe I can contribute to achieving that by running for Vice President. I've been a WBCA member since 2017, currently serving as a player representative and participating in every Lincoln City tournament since then. Even before playing, I attended these tournaments with my husband to watch family, making it more than just a sport—it's a passion.

While I may not have the extensive experience of other candidates, I believe a fresh perspective is crucial for our organization's growth. Staying open to new ideas is challenging when entrenched in old ways. I offer a different viewpoint, embracing change for personal and organizational improvement.

Although my husband and I own Savage Billiard Apparel, my role as Vice President will remain separate from our vendor activities. I'll ensure impartiality on relevant matters and recuse myself from voting on issues affecting me directly.

My commitment includes honesty, openness to innovation, assertiveness when necessary, and most importantly, neutrality. If elected, I'll work to unify our organization, fostering open communication, transparency, and inclusivity. Every member's voice will be heard, and together, we'll find solutions and prioritize the best interests of Western BCA.

Thank you for your consideration.
