Member At Large

I would love to see wbcA to be successful and have large tournaments that aren't bias and open to all rankings. I believe everyone needs to play regardless if they are strong or not! I want fairness and consistency in the voting! I have great ideas as well! Thank you for your time!

1. Been playing wbcA since 2003
2. Was a league manager for years
3. I have playing leagues and pool for a long time.
4. I have ran tournaments out of so many bars to encourage players to participate.
5. I have volunteered 5 plus years with bca.
6. I started running tournaments during covid to get people back in the game.
7. I have a group page that lets people know about tournaments and using the Fargo to increase players fargo!

Thank you
